

# VETERANS NEEDED FOR BRAIN MAPPING MRI RESEARCH STUDY

This research study will map specific brain regions to help develop technology or rehabilitation strategies to assist people with spinal cord injury.

You may be eligible to participate if you:

- Are right handed.
- Are between the ages of 18 and 65.

The study will take about six hours and is held at UPMC Presbyterian Hospital in Oakland.

During the study, participants will:

- Complete questionnaires.
- Have an MRI scan of the brain.

You will be compensated \$150 for completing the study. Parking costs will be validated.

Contact the clinical coordinator at  
**412-383-1355**  
to learn more.

Principal investigators: Jennifer Collinger, PhD and Michael Boninger, MD
